Purple Haze - is a state of the art modern multiple audio studio complex situated in the midtown suburb of Bandra, Mumbai.

Conceptualized in 1994, Purple Haze has always been in the forefront of the audio industry. Our USP is our large & spacious work area, which gives clients their individual space and stress free long working hours.

We at Purple Haze believe in keeping ourselves up to date with our equipment and in our technique. Our two studios are equipped with the latest that technology has to offer, and all of our equipment is of high-end quality.

With development of sophisticated technologies, new guidelines and the growing demand for more tracks and processing power it becomes inevitable for Sound Recording Studios to equip themselves with latest technology to facilitate our clients,

Purple Haze - is equipped with a Protools HDX setup with PrismSound, Genelec 1037A Main monitors, Genelec 8250A with 7271A Subwoofer Mid field system, Yamaha DM1000, myriads of mic-pres & microphones which enables us to help you take advantage of these new avenues. With this setup we will be able to take care of all the formats of recording and more.

Purple Post - is equipped with a Protools HDX setup with Avid H I/O, Genelec 8240A with 7270A subwoofer and an SSL X-Desk Line mixer, therefore providing our clients a more complete and fulfilling working environment.

In Purple Post we have also put in a 5.1 surround system based on Genelecs to cater to our T.V clients.

We invite you to take advantage of our new systems and look forward to a long relationship!
