## PERSONAL INFORMATION

Address: Cafayate 1550, CABA, Argentina  
Birthdate: 03/03/2003

## ABOUT ME

I am a passionate audio engineer and music producer with a strong desire to learn and grow in my career. I graduated with honors from Tecson School of Sound Engineering with a degree in Sound Engineering. I have over two years of experience as an independent music producer, recording engineer, mixer, and mastering engineer. I have worked in a variety of musical genres, including rock, pop, jazz, blues, funk, hip-hop, RnB, electronic, and classical. I am a responsible and motivated individual with a strong work ethic. I am looking for new challenges and opportunities to learn and grow at my profession.

## LANGUAGES

Spanish: Native  
English: Advanced. B2 First, Cambridge English

## EXPERIENCE

AUGUST 2022- PRESENT

### Musical Producer

- Responsible for pre-production, musical arrangements, and synthesizer configuration and assembly for independent projects.
- Audio editing; including, tempo mapping, vocal tuning, vocal comping, marking song structure.
- Collaborate with artists to develop the desired sound.
- Create percussion beats.

### Recording Engineer

- Audio recording engineer with experience using Pro Tools and Ableton Live softwares in my home studio.
- Microphone placement and selection, including experience with the Behringer C1 microphone.
- Recording of voices, guitar, piano, bass and synthesizers.

### Mixing and Mastering Engineer

- Mixing the songs with Pro Tools software in my Home Studio. Proficient in mixing techniques such as volume and pan balancing, equalization, compression, modulation, distortion, and spatial effects (reverb, delay, flanger, chorus, etc.).
- Mastering engineer with experience using Pro Tools software to apply limiters, equalizers, compressors, stereo image enhancers, and spatial effects.

### Custom Song Composition

- Responsible for composing children's songs in a variety of styles, including pop, rock, jazz, blues, etc.
